CALYPSO
COLUMN LIGHTS

Direct | Surface

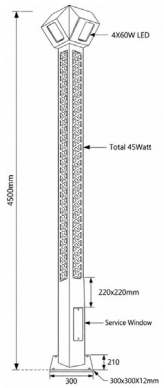

CALYPSO COLUMN LIGHT is a contemporary outdoor architectural lighting solution designed to provide functional and aesthetically refined illumination for a wide range of outdoor environments. Featuring an aluminium luminaire housing, the fixture combines a sleek column design with precise optics and a PC diffuser to deliver comfortable and consistent illumination. Its flicker-free operation enhances visual comfort, while its energy-efficient LED technology provides high colour rendering and long-lasting performance. The robust construction makes CALYPSO suitable for demanding outdoor environments and modern architectural landscapes.

With its durable aluminium construction, sustainable LED technology, precise optics and reliable outdoor performance, CALYPSO Column Light is ideal for society parks, streets, pathways, educational institutes, public spaces, residential landscapes, commercial exteriors, hotels, resorts and other architectural outdoor environments.

Divinity Lights manufactures customized lighting solutions according to clients' specific requirements, making CALYPSO suitable for tailored outdoor lighting projects where durability, energy efficiency and visual appeal are required.
