GROOVE-S
BOLLARD LIGHTS

Direct | Surface

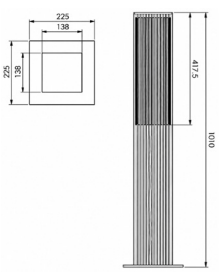

GROOVE-S BOLLARD Light by Divinity Lights is a contemporary outdoor lighting solution designed with a sleek, vertically ribbed square profile, combining architectural character with functional illumination for modern outdoor environments. Featuring a 360° beam angle and PC diffuser, the fixture provides comfortable and uniform light distribution, making it suitable for pathways, gardens, landscape areas, residential exteriors, commercial spaces, hotels, resorts, and architectural outdoor applications.

With a 225 × 225 mm square profile and 1010 mm overall height, GROOVE-S features a refined ribbed construction with an illuminated upper section and a clean architectural base. Designed for reliable outdoor performance, it supports customized finishes and configurations to complement different landscape and architectural projects.

Divinity Lights manufactures customized lighting solutions according to clients' specific project requirements, offering suitable finishes and configurations for landscape pathways, gardens, residential developments, commercial exteriors, hospitality projects, and other architectural outdoor spaces.
