HUSTLER-2
FLOOD LIGHT

Direct | Surface

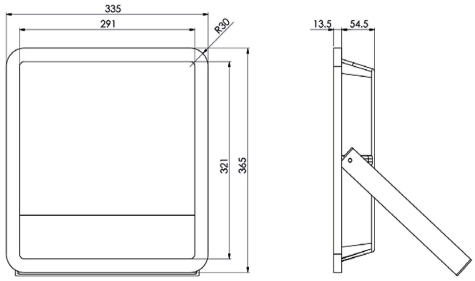

HUSTLER-2 Flood Light is a robust and versatile outdoor lighting solution featuring a die-cast aluminium housing designed for durability and efficient heat dissipation. It offers multiple beam angle options of 12°, 15°, 24°, 30° and 50°, making it suitable for a wide range of architectural and landscape lighting applications. With IP66 protection, the luminaire provides reliable resistance against dust and moisture.

The fixture is available in outputs from 5000 to 10,000 lumens, delivering high-efficiency illumination with excellent colour rendering. It supports Mono and RGBW colour options, allowing flexible lighting effects for different environments. The HUSTLER-2 also features precise optics, tempered glass and a rugged construction for long-lasting outdoor performance.

Divinity Lights can be used for customized lighting solutions according to clients' specific requirements. It is suitable for landscape lighting, tree uplighting, architectural façades, gardens, pathways, outdoor public areas, resorts, hotels, commercial spaces and building highlighting, where powerful and precisely controlled illumination is required.

Driver Details
Non-Dimmable/ Dali-Dimmable/ DMX Controller

Power Factor (PF) -0.95

THD- <10%

UGR - <19

LED
CCT- 2700K, 3000K, 4000K, RGB, RGBW

CRI- ≥ 80

Life Span - L70@50000h

MacAdam - ≤3 SDCM

Beam Angle
12°/ 15°/ 24°/ 30°/ 50°

Optics
Lens With Tempered Glass

Efficacy
80lm/W

Electrical
Wattage - 200W

Input Voltage- 240V AC

Physical Dimensions
Width- 335mm

Height- 365mm

Overall Depth- 54.5mm
