SHINE COB PRO
STRIP

SHINE COB PRO STRIP

This strip light features has:

- With a wider PCB, make an ultra-wide luminous surface, higher power, and higher luminous flux.
- High positioning, high reliability, ultra-thin appearance, and super flexible bending.
- Homogeneous and soft linear lighting performance.
- Adopting an exclusively designed protective structure, with excellent bending resistance, strong reliability, and stable quality.
- Use thick copper that is superior to products on the market, to ensure consistency in voltage and brightness for the entire reel.
