STELLAR UP-DOWN
BOLLARD LIGHTS

Direct | Surface

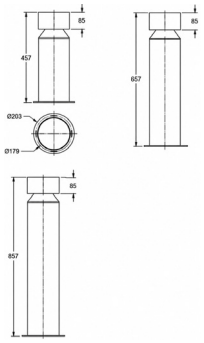

STELLAR UP-DOWN BOLLARD LIGHT is a contemporary outdoor bollard luminaire designed to create a balanced combination of upward and downward illumination for modern landscape and architectural environments. Its cylindrical, minimalist form blends seamlessly with outdoor surroundings while providing a distinctive lighting effect on pathways, gardens, landscaped areas, entrances, courtyards and building exteriors. The fixture is surface-mounted, features IP66 protection, and is available in custom RAL colours for coordination with different architectural and landscape schemes.

Available in three height options of 457 mm, 657 mm and 857 mm, with a 179 mm diameter, STELLAR provides flexible installation options for different landscape requirements. Its up-down illumination makes it particularly suitable for pathways, garden landscapes, entrance areas, residential and commercial exteriors, hospitality spaces and architectural outdoor applications.

Divinity Lights provides customized lighting solutions according to clients' specific project requirements.
